KEY DEFINITIONS & NOTES

Fund Credit

The total of contributions paid on your behalf plus investment returns, at any point during your membership. Shown on your annual benefit statement.

Defined Contribution Fund

Your retirement benefit depends on the contributions paid and how well the Fund's investments have performed. Benefits are not guaranteed.

Beneficiaries & Dependants

Beneficiaries are those you nominate, plus your legal dependants (children, spouse, parents, grandchildren, etc.), who receive your death benefit.

Important Notes

- You may not retire before age 55 or after age 70.
- Retirement before age 55 on ill-health grounds requires conclusive medical evidence and Trustee approval.
- Once your retirement benefit is settled you may not re-join the Fund.
- All benefits may be subject to income tax on the date of payment.
- This pamphlet is a summary only. The Fund Rules govern in all cases and are available on request.

Fund Governance

A Board of 9 Trustees — 3 Founder-appointed (SAMRO), 5 member-elected, 1 independent — oversees the Fund. The Board meets quarterly; an AGM is held annually where members receive a full report back.

SAMRO RETIREMENT ANNUITY FUND

Membership

Open to all SAMRO members under age 70 who earn, or have earned, at least R100 in royalties per year. The Fund has operated since 1 January 1969.

How the Fund Works

SAMRO pays a contribution on your behalf each year. Investment managers invest these funds so they grow over time. Your fund credit grows with contributions and investment returns — which may be positive or negative depending on market conditions.

Contributions

SAMRO contributes annually — the greater of:

- R800; or
- The royalty-linked portion allocated by the Founder on behalf of members.

Fund expenses (auditors, actuary) are deducted before the balance is invested.

Retirement Benefits

At retirement, your benefit equals your fund credit. You may:

- Take up to **one-third (1/3)** as a cash lump sum; and
- Use the remaining **two-thirds (2/3)** to purchase an annuity (pension) from a registered life assurer.

The full amount may only be commuted to a lump sum if your total benefit is below the SARS threshold at retirement. Seek independent financial advice before selecting an annuity. The Fund holds a with-profit annuity arrangement — contact us for details.

Death Benefits

If you die before retirement, a lump sum equal to your full fund credit is payable to your dependants and nominees. The Trustees distribute the benefit in terms of **Section 37C of the Pension Funds Act** and are not bound solely by your nomination.

Funeral Benefit

SAMRO operates a funeral benefit scheme to assist you and your immediate family with funeral expenses. Contact SAMRO for details.
